

Health is our business

Make it yours. At Kaiser Permanente, we realize that it takes more than expert medical care to be one of the nation's leading health care providers and not-for-profit health plans. It takes advanced technologies, state-of-art facilities, and the people to support them. Come impact your future, and the future of care. Join us in Oakland, California.

Manager MediCal Program

In this role, you will plan, implement, and administer the functions, activities, and related initiatives of the Northern California region's Medi-Cal program. You will oversee a multi-disciplinary team that coordinates the continuum of care services for members of Medi-Cal or other state funded programs to ensure members proceed efficiently through the course of services. In addition, you will recommend strategies for the program's development to ensure compliance with state and federal regulations and alignment with organizational goals.

Qualifications include:

- At least seven years of experience coordinating care services for qualified members of public health and Medi-Cal/State Programs
- At least five years of experience supervising staff
- At least seven years of community based or medical case management experience interfacing with agency clients and patients
- At least seven years of demonstrated experience working in a health care environment
- At least seven years of demonstrated experience in program development/management
- A bachelor's degree in nursing science, health care, or a related field; a master's degree in a nursing health care related field or business preferred
- A current Registered Nurse License or LCSW in California
- Experience working with all levels of management and staff
- Demonstrated ability to meet established deadlines
- Demonstrated flexibility to work in a changing environment requiring implementation of new procedures
- The ability to travel within the Northern California Region and occasionally may be required to travel to other Kaiser Permanente regions
- Excellent verbal and written communication skills and presentation skills
- Basic mainframe and desktop computer skills with the ability to utilize various software applications including spreadsheets, email, and internet systems
- The ability to work in a Labor/Management partnership environment
